Bringing new life to the streetscapes of Bainbridge

PLANTING
FOR THE FUTURE

As part of the Downtown Master Plan, the City of Bainbridge Tree Committee is sponsoring the "Planting for the Future" landscaping campaign. This campaign's purpose is to raise funds to purchase, plant and maintain trees, shrubs and other plants to beautify the streetscapes of Bainbridge.

While enhancing the value, beauty and viability of the City of Bainbridge, green spaces are an economic and environmental asset to the community.

SPONSORSHIP LEVELS

GARDEN SPOT \$100

Five gallon trees, shrubbery, annuals and landscaping plants.

CURB APPEAL \$300

Seven and fifteen gallon trees and large landscaped beds.

LEGACY OAKS \$500

Thirty gallon oak trees placed in prominent locations throughout the city. These trees will be designated landmark trees. Includes a permanent dedication plaque.
